Dear Friends,

It is with great pleasure that I congratulate the Theatre Passe Muraille on 50 fantastic years of moving artistry. It has proven itself to be an accomplished piece in the cultural landscape of our city with what will surely be a lasting legacy.

In the fifty years since Theatre Passe Muraille was created, it has been a leader in crafting innovative and engaging theatre in Toronto. Its goals of nurturing new artists, championing the diversity of ideas, and embracing collaboration have not only produced practitioners of the highest calibre, they have also enriched the many audiences that have had the luck to attend one of their productions.

I would like to thank the staff, volunteers, and supporters like you who have put in so much hard work and who have fostered such an inclusive, active community within the dynamic artscape of Toronto. I look forward to watching this community continue to flourish and create sensational depictions of the human experience.

Congratulations!

Sincerely,

Joe Cressy
